

# Certificate

in accordance with DIN 6701 to demonstrate the suitability  
of the user-company for manufacturing adhesive bonds  
on rail vehicles and parts of rail vehicles

Accredited certification body  
according to DIN EN ISO/IEC 17065  
(DAkkS D-ZE-20147-01-00)

**Company:** Vossloh Locomotives GmbH

**Location:** Doktor-Hell-Straße 6  
24107 Kiel  
GERMANY

**Validity:** **Class A1**  
Construction  
Process design  
Manufacture  
Repair  
Purchase, sales and assembly of bonded components  
Subcontracting

**Main function:** D, S, L  
**Pre-treatment methods:** -  
**Production methods:** SO, HU, AN, LA  
**Test methods:** -  
**Degree of mechanization:** M  
(See code table A-Z-Guideline)

**Supervisors:** S. annex

**Remarks:** -

**Certificate no.:** CERT/6701/A1/F3-3/2018/109

**Valid from:** November 28, 2018  
**Valid until:** December 06, 2021

**Issued on:** November 28, 2018  
**Changed on:** June 29, 2020

  
Christian Schuch  
Deputy Head of Certification Body

# General Regulations

The new application has to be submitted to the certification body at least **two month** before the certificate expires if the suitability of the user-company shall be certificated furthermore.

## Changes within the time of validity of the certificate

If the address of the user-company or company site, the class of the certificate, supervisors or the area of validity change, the certification body must be informed immediately. The certification body decides about the necessity of an inspection on the site and change of the certificate.

The certification body must be informed if there are changes or additions to main processes or to any of the areas for which the certificate is valid under "pretreatment methods", "production processes", "test methods" and "degree of mechanisation". The certification body decides whether to check the changes on-site and whether it is necessary to change the certificate.

## Withdrawal of the certificate

The German railway authority or the certification body can withdraw certificate if:

- 1) There is a serious shortcoming in the execution of the adhesive bonding work as required by this standard;
- 2) There is a serious shortcoming in the supervision of the adhesive bonding work as required by this standard;
- 3) There is no authorised supervision of the adhesive bonding work;
- 4) The employees carrying out the adhesive bonding work at the practical level do not have valid qualification certificates as required by this standard;
- 5) Other conditions required by this standard are no longer fulfilled;
- 6) The period of validity has expired;
- 7) The user-company does not have certification.

The user company must confirm attention of the withdrawal in written form towards the certification body. The certification body has to inform the German railway authority EBA.

## Distribution

1. Submitter (original)
2. EBA, German railway authority (copy)
3. Folder (copy)
